

MATERIAL SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK 30,000 Feet Volume Conditioner
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Off White Physical State Cream Odor Characteristic

Emergency Overview
May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.
Acute Toxicity
Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: No known effect.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.
Chronic Effects No known effect.
Aggravated Medical Conditions None known.
Environmental Hazard See Section 12 for additional Ecological Information

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Aqua/Water/Eau, Cetearyl Alcohol, Cetyl Alcohol, Behentrimonium Chloride, Amodimethicone, Cetyl Esters, Isododecane, Panthenol, Tocopherol, Serenoa Serrulata Fruit Extract, Litchi Chinensis Pericarp Extract, Oryza Sativa (Rice) Extract, Moringa Oleifera Seed Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Helianthus Annuus (Sunflower) Extract, Propanediol, Hydrogenated Ethylhexyl Olivatate, Stearamine Oxide, Jojoba Esters, Hydrogenated Olive Oil Unsaponifiables, Hydrolyzed Lupine Protein, Hydrolyzed Vegetable Protein PG-Propyl Silanetriol, Oryza Sativa (Rice) Seed Protein, Cystine Bis-PG-Propyl Silanetriol, Oryza Sativa (Rice) Bran Extract, Ethylhexylglycerin, Polysorbate 60, Cyperus Esculentus Root Oil, Moringa Oleifera Seed Oil, Hydroxyethylcellulose, Methoxy PEG/PPG-7/3 Aminopropyl Dimethicone, Tetrasodium EDTA, Trideceth-12, Glycerin, C11-15 Pareth-7, BHT, Cetrimonium Chloride, Distearaldimonium Chloride, Pentaerythrityl Tetra-Di-T-Butyl Hydroxyhydrocinnamate, Polysilicone-15, Laureth-9, Quaternium-95, Guar Hydroxypropyltrimonium Chloride, Butylene Glycol, Caprylyl Glycol, Phytic Acid, Aminomethyl Propanol, Citric Acid, Phenoxyethanol, Benzyl Alcohol, Chlorphenesin, Sorbic Acid, Parfum/Fragrance

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: None under normal use.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flash Point: Not Applicable
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2

Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 0 Flammability 0 Stability 0 Physical and Chemical Hazards 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	Flashpoint	TLV ppm	Other
NONE					

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State: Cream **Appearance:** Off White
Odor: Characteristic **pH:** 5.0 – 6.0
Flash Point: > 200°F **Boiling Point/Range:** N/A
Melting Point/Range: N/A **Specific Gravity:** 0.99
VOC Content(%): N/A **Partition Coefficient: n-octanol/water:** No data available
Solubility: Complete

10. STABILITY & REACTIVITY

Stability: Stable
Incompatible Products: None known.
Conditions to Avoid: Heat, flames and sparks.
Hazardous Decomposition Products: None known
Hazardous Polymerization: Hazardous polymerization does not occur.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product Information: Product is safe for its intended use based on the formulation, testing results, and the long history of safe consumer use.

Chronic Toxicity

Chronic Toxicity: No known effect.
Target Organ Effects: None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity: The environmental impact of this product has not been fully investigated.

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods: This material, as supplied, is a not hazardous waste according to federal regulations (40 CFR 261). The material could become hazardous if it is mixed with or otherwise comes into contact with a hazardous waste, if chemical additions are made to this material or if the material is processed or otherwise altered. Consult 40 CFR 251 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Contaminated Packaging: Dispose of in accordance with local regulations.

MATERIAL SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK Beach Club Texture Spray
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Off-White Physical State Liquid Odor Characteristic

Emergency Overview

Flammable; May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.

Acute Toxicity

Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: Vapor may cause irritation to the upper respiratory tract.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.

Chronic Effects: No known effect.

Aggravated Medical Conditions: None known.

Environmental Hazard: See Section 12 for additional Ecological Information

WARNING: FLAMMABLE. CONTENTS UNDER PRESSURE.

Avoid spraying near eyes. Protect from sunlight. Do not expose to temperatures exceeding 120°F (50°C). Do not pierce or burn, even after use. Keep away from heat/sparks/open flames/hot surfaces – no smoking. Do not spray on an open flame or other ignition source. Use only as directed. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. Keep out of reach of children.

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Hydrofluorocarbon 152a, Dimethyl Ether, Alcohol Denat., VP/VA Copolymer, Helianthus Annuus (Sunflower) Seed Extract, Hydrolyzed Wheat Protein, Zeolite, Ethylhexyl Methoxycinnamate, PEG-12 Dimethicone, Amodimethicone, PVP, Phenethyl Benzoate, Polyisobutene, Aqua/Water/Eau, Glycerin, Butylene Glycol, Parfum/Fragrance, Benzyl Salicylate, Butylphenyl Methylpropional, Coumarin

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: Remove victim to fresh air at once. If breathing is difficult, seek medical attention.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flammability Results: Ignition Distance: <15cm Method: UN Ignition Distance Test for Spray Aerosols

Flash Point: 55-60°F
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2
Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 1 **Flammability** 3 **Stability** 0 **Physical and Chemical Hazards** 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product Information: Product is safe for its intended use based on the formulation, testing results, and the long history of safe consumer use.

Chronic Toxicity

Chronic Toxicity: Ashphxiant gas, vapors may cause drowsiness and dizziness.

Target Organ Effects: None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity: The environmental impact of this product has not been fully investigated.

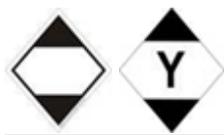

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods: This material, as supplied, is a not hazardous waste according to federal regulations (40 CFR 261). The material could become hazardous of it is mixed with or otherwise comes into contact with a hazardous waste, If chemical additions are made to this material or if the material is processed or otherwise altered. Consult 40 CFR 251 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Contaminated Packaging: Dispose of in accordance with local regulations.

The Information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.

MATERIAL SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK Car Service Blow Out Balm
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Characteristic Physical State Characteristic Odor Characteristic

Emergency Overview
May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.
Acute Toxicity
Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: No known effect.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.
Chronic Effects No known effect.
Aggravated Medical Conditions None known.
Environmental Hazard See Section 12 for additional Ecological Information

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Aqua/Water/Eau, Propylene Glycol, Cetearyl Alcohol, Caprylyl Methicone, Dimethicone PEG-8 Meadowfoamate, Glyceryl Stearate, PEG-100 Stearate, PEG-25 Hydrogenated Castor Oil, Polysorbate 80, Tocopherol, Panthenol, Glycine Soja (Soybean) Oil, Hydrolyzed Soy Protein, Rice Amino Acids, Leuconostoc/Radish Root Ferment Filtrate, Silica, Cetrimonium Chloride, Hydroxypropyl Guar Hydroxypropyltrimonium Chloride, Stearamidopropyl Dimethylamine, AMP-Acrylates Copolymer, Behentrimonium Methosulfate, Hydroxyethylcellulose, Polyquaternium-59, Butylene Glycol, Polyurethane-14, Disodium EDTA, Aminomethyl Propanol, Ethylhexylglycerin, Hexylene Glycol, Caprylyl Glycol, Tetrasodium Glutamate Diacetate, Sodium Nitrate, Citric Acid, Methylisothiazolinone, Phenoxyethanol, Parfum/Fragrance, Alpha-Isomethyl Ionone, CI 77891 (Titanium Dioxide)

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: None under normal use.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flash Point: Not Applicable
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2
Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 0 Flammability 0 Stability 0 Physical and Chemical Hazards 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	Flashpoint	TLV ppm	Other
NONE					

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State:	Characteristic	Appearance:	Characteristic
Odor:	Characteristic	pH:	5.0 – 6.0
Flash Point:	> 200°F	Boiling Point/Range:	N/A

MATERIAL SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK Down and Out Dirty Spray
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Off-White Physical State Liquid Odor Characteristic

Emergency Overview

Flammable; May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.

Acute Toxicity

Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: Vapor may cause irritation to the upper respiratory tract.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.

Chronic Effects: No known effect.

Aggravated Medical Conditions: None known.

Environmental Hazard: See Section 12 for additional Ecological Information

WARNING: FLAMMABLE. CONTENTS UNDER PRESSURE.

Avoid spraying near eyes. Protect from sunlight. Do not expose to temperatures exceeding 120°F (50°C). Do not pierce or burn, even after use. Keep away from heat/sparks/open flames/hot surfaces – no smoking. Do not spray on an open flame or other ignition source. Use only as directed. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. Keep out of reach of children.

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Butane, Hydrofluorocarbon 152a, Alcohol Denat., Lauryl PEG/PPG-18/18 Methicone, Cyclopentasiloxane, Zeolite, Isobutane, Ethyl Trisiloxane, Trimethylsiloxysilicate, PVP, Helianthus Annuus (Sunflower) Seed Extract, Cocos Nucifera (Coconut) Oil, PEG-40 Hydrogenated Castor Oil, Ethylhexyl Methoxycinnamate, Silicone Quaternium-3, Trideceth-12, Butylene Glycol, Parfum/Fragrance, Benzyl Salicylate, Butylphenyl Methylpropional, Coumarin

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: Remove victim to fresh air at once. If breathing is difficult, seek medical attention.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flammability Results: Ignition Distance: <15cm Method: UN Ignition Distance Test for Spray Aerosols

Flash Point: 55-60°F
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2
Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 1 **Flammability** 3 **Stability** 0 **Physical and Chemical Hazards** 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	TLV ppm	PEL ppm	Other
Hydrofluorocarbon 152a	75-37-6	5 - 20	Not Established	Not Established	Unknown

Disclaimer: The information provided on this MSDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a

warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.

MATERIAL SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK Hot Girls Hydrating Shampoo
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Off White Physical State Cream Odor Characteristic

Emergency Overview
May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.
Acute Toxicity
Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: No known effect.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.
Chronic Effects No known effect.
Aggravated Medical Conditions None known.
Environmental Hazard See Section 12 for additional Ecological Information

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Aqua/Water/Eau, Sodium Cocoyl Isethionate, Disodium Laureth Sulfosuccinate, Cocamide MEA, Cocamidopropyl Hydroxysultaine, Sodium Lauryl Sulfoacetate, PEG-120 Methyl Glucose Dioleate, Sodium Lauroyl Sarcosinate, PEG-7 Glyceryl Cocoate, Acrylates Copolymer, Panthenol, Tocopherol, Helianthus Annuus (Sunflower) Extract, Litchi Chinensis Pericarp Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Moringa Oleifera Seed Extract, Rheum Rhaponticum Root Extract, Prunus Insititia Seed Oil, Glycol Distearate, Divinyldimethicone/Dimethicone Copolymer, Guar Hydroxypropyltrimonium Chloride, Disodium EDTA, Polyquaternium-7, Cetrimonium Chloride, Olive Oil Glycereth-8 Esters, Rice Oil Glycereth-8 Esters, Oryza Sativa (Rice) Bran Extract, Oryza Sativa (Rice) Seed Protein, Oryza Sativa (Rice) Extract, Hydrolyzed Vegetable Protein PG-Propyl Silanetriol, Cystine Bis-PG-Propyl Silanetriol, Hydrolyzed Soy Protein, Trideceth-12, Laureth-23, Laureth-4, Dimethiconol, Dimethicone, Amodimethicone, Ethylhexylglycerin, Cyclopentasiloxane, Potassium Hydroxide, Decyl Glucoside, Lauryl Glucoside, C12-13 Pareth-23, C12-13 Pareth-3, Propanediol, Glycerin, Quaternium-95, Butylene Glycol, Polyquaternium-4, Phytic Acid, PPG-1-PEG-9 Lauryl Glycol Ether, PEG-150 Distearate, BHT, Citric Acid, Phenoxyethanol, Benzyl Alcohol, Chlorphenesin, Potassium Sorbate, Sodium Benzoate, Parfum/Fragrance, Benzyl Salicylate, Butylphenyl Methylpropional

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: None under normal use.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flash Point: Not Applicable
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2
Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 0 **Flammability** 0 **Stability** 0 **Physical and Chemical Hazards** 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	Flashpoint	TLV ppm	Other
NONE					

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State: Cream **Appearance:** Off White
Odor: Characteristic **pH:** 5.0 – 6.0
Flash Point: > 200°F **Boiling Point/Range:** N/A
Melting Point/Range: N/A **Specific Gravity:** 0.99
VOC Content(%): N/A **Partition Coefficient: n-octanol/water:** No data available
Solubility: Complete

10. STABILITY & REACTIVITY

Stability: Stable
Incompatible Products: None known.
Conditions to Avoid: Heat, flames and sparks.
Hazardous Decomposition Products: None known
Hazardous Polymerization: Hazardous polymerization does not occur.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product Information: Product is safe for its intended use based on the formulation, testing results, and the long history of safe consumer use.

Chronic Toxicity

Chronic Toxicity: No known effect.

Target Organ Effects: None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity: The environmental impact of this product has not been fully investigated.

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods: This material, as supplied, is a not hazardous waste according to federal regulations (40 CFR 261). The material could become hazardous if it is mixed with or otherwise comes into contact with a hazardous waste, if chemical additions are made to this material or if the material is processed or otherwise altered. Consult 40 CFR 251 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Contaminated Packaging: Dispose of in accordance with local regulations.

2. HAZARDS IDENTIFICATION

Appearance Semi-Translucent Physical State Liquid Odor Characteristic

Emergency Overview

Flammable; May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.

Acute Toxicity

Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: Vapor may cause irritation to the upper respiratory tract.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.

Chronic Effects

No known effect.

Aggravated Medical Conditions None known.

Environmental Hazard See Section 12 for additional Ecological Information

WARNING: FLAMMABLE. CONTENTS UNDER PRESSURE.

Avoid spraying near eyes. Protect from sunlight. Do not expose to temperatures exceeding 120°F (50°C). Do not pierce or burn, even after use. Keep away from heat/sparks/open flames/hot surfaces – no smoking. Do not spray on an open flame or other ignition source. Use only as directed. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. Keep out of reach of children.

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Alcohol Denat., Hydrofluorocarbon 152a, Octylacrylamide/Acrylates/Butylaminoethyl Methacrylate Copolymer, Panthenol, Tocopheryl Acetate, Actinidia Chinensis (Kiwi) Fruit Extract, Hedychium Coronarium (Ginger) Root Extract, Mangifera Indica (Mango) Fruit Extract, Passiflora Incarnata (Passion Flower) Extract, Aloe Barbadosensis (Aloe Vera) Leaf Extract, Ethylhexyl Methoxycinnamate, Silicone Quaternium-16, Undeceth-11, Undeceth-5, Aminomethyl Propanol, Acetyl Triethyl Citrate, Aqua/Water/Eau, Butyloctanol, Parfum/Fragrance, Alpha-Isomethyl Ionone

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: Remove victim to fresh air at once. If breathing is difficult, seek medical attention.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flammability Results: Ignition Distance: <15cm Method: UN Ignition Distance Test for Spray Aerosols
Flash Point: 55-60°F
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2
Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 1 **Flammability** 3 **Stability** 0 **Physical and Chemical Hazards** 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	TLV ppm	PEL ppm	Other

Environmental Hazard: See Section 12 for additional Ecological Information

WARNING: FLAMMABLE. CONTENTS UNDER PRESSURE.

Avoid spraying near eyes. Protect from sunlight. Do not expose to temperatures exceeding 120°F (50°C). Do not pierce or burn, even after use. Keep away from heat/sparks/open flames/hot surfaces – no smoking. Do not spray on an open flame or other ignition source. Use only as directed. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. Keep out of reach of children.

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Aqua/Water/Eau, Hydrofluorocarbon 152a, Butane, SD Alcohol 40-B (Alcohol Denat.), Polyurethane-48, Panthenol, Parfum/Fragrance, Benzyl Salicylate, Butylphenyl Methylpropional

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: Remove victim to fresh air at once. If breathing is difficult, seek medical attention.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flammability Results: Ignition Distance: <15cm Method: UN Ignition Distance Test for Spray Aerosols
Flash Point: 55-60°F
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2

Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 1 Flammability 3 Stability 0 Physical and Chemical Hazards 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	TLV ppm	PEL ppm	Other
Hydrofluorocarbon 152a	75-37-6	10 - 30	Not Established	Not Established	Unknown
Butane	106-97-8	10 - 30	800 ppm	1000 ppm	Unknown
Alcohol Denat	64-17-5	10 - 30	1000 ppm	1000 ppm	Unknown

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State: Liquid **Appearance:** Semi-Translucent
Odor: Characteristic **pH:** NA
Flash Point: 55-60°F **Boiling Point/Range:** NA
Melting Point/Range: N/A **Specific Gravity:** NA
VOC Content(%): <55% **Partition Coefficient: n-octanol/water:** No data available
Solubility: Insoluble

10. STABILITY & REACTIVITY

Stability: Stable
Incompatible Products: None known.
Conditions to Avoid: Heat, flames and sparks.
Hazardous Decomposition Products: None known
Hazardous Polymerization: Hazardous polymerization does not occur.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product Information: Product is safe for its intended use based on the formulation, testing results, and the long history of safe consumer use.

Chronic Toxicity

Chronic Toxicity: Ashphxiant gas, vapors may cause drowsiness and dizziness.

Target Organ Effects: None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity: The environmental impact of this product has not been fully investigated.

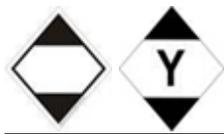

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods: This material, as supplied, is a not hazardous waste according to federal regulations (40 CFR 261). The material could become hazardous of it is mixed with or otherwise comes into contact with a hazardous waste, If chemical additions are made to this material or if the material is processed or otherwise altered. Consult 40 CFR 251 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Contaminated Packaging: Dispose of in accordance with local regulations.

MATERIAL SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK Low Key Cleansing Walnut Scalp Scrub
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Characteristic **Physical State** Viscous emulsion **Odor Characteristic**

Emergency Overview
May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.
Acute Toxicity
Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: No known effect.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.
Chronic Effects No known effect.
Aggravated Medical Conditions None known.
Environmental Hazard See Section 12 for additional Ecological Information

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Sucrose, Glycerin, Methyl Gluceth-20, Sodium Cocoyl Isethionate, Sodium Lauroyl Lactylate, Juglans Regia (Walnut) Shell Powder, Parfum/Fragrance, Mentha Piperita (Peppermint) Oil, Juglans Regia (Walnut) Seed Oil, Menthyl Lactate, Vinegar, Amodimethicone, Ethylhexyl Methoxycinnamate, Ethylhexylglycerin, Aqua/Water/Eau, BHT, Phenoxyethanol, Benzyl Salicylate, Butylphenyl Methylpropional

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: None under normal use.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flash Point: Not Applicable
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2
Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: **Health Hazard** 0 **Flammability** 0 **Stability** 0 **Physical and Chemical Hazards** 0

6. ACCIDENTAL RELEASE MEASURES

Disclaimer: The information provided on this MSDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a

warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.

MATERIAL SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK Sold Out Curl Priming Basecoat
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Off-White Physical State Lotion Odor Floral

Emergency Overview

Flammable; May cause eye irritation

Potential Health Effects: None

Principle Routes of Exposure: Skin contact.

Acute Toxicity

Eyes: May cause irritation.

Skin: Does not pose a potential of skin irritation and sensitization.

Inhalation: Vapor may cause irritation to the upper respiratory tract.

Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.

Chronic Effects

No known effect.

Aggravated Medical Conditions None known.

Environmental Hazard See Section 12 for additional Ecological Information

WARNING: CONTENTS UNDER PRESSURE.

Protect from sunlight. Do not expose to temperatures exceeding 120°F (50°C). Do not pierce or burn, even after use. Keep away from heat/sparks/open flames/hot surfaces – no smoking. Use only as directed. Keep out of reach of children.

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Aqua/Water/Eau, Propanediol, Polyurethane-48, Panthenol, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Macrocystis Pyrifera (Sea Kelp) Extract, Olus/Vegetable Oil/Huile Végétale, Disodium EDTA, Ethylhexylglycerin, Ethylhexyl Methoxycinnamate, Silicone Quaternium-16, Undeceth-11, Undeceth-5, Butyloctanol, Phenoxyethanol, Parfum/Fragrance, Alpha-Isomethyl Ionone

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.

Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.

Inhalation: Remove victim to fresh air at once. If breathing is difficult, seek medical attention.

Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.

Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flammability Results: Ignition Distance: <4cm Method: UN Ignition Distance Test for Spray Aerosols

Flash Point: N/A

Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2

Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 1 Flammability 1 Stability 0 Physical and Chemical Hazards 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid contact with eyes.
Environmental Precautions: Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.
Methods for Containment: Prevent further leakage or spillage if safe to do so.
Methods for Cleaning Up: Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.
Storage: Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Measures: Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection: Avoid contact with eyes.
Skin Protection: No special protective equipment required.
Skin and Body Protection: No special protective equipment required.
Respiratory Protection: No protective equipment is needed under normal use conditions
Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	TLV ppm	PEL ppm	Other

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State: Lotion
Odor: Floral
Flash Point: N/A
Melting Point/Range: N/A
VOC Content(%): <6%
Solubility: Insoluble
Appearance: White
pH: 4.0 – 10.0
Boiling Point/Range: N/A
Specific Gravity: <1.00
Partition Coefficient: n-octanol/water: No data available

10. STABILITY & REACTIVITY

Stability: Stable
Incompatible Products: None known.
Conditions to Avoid: Heat, flames and sparks.
Hazardous Decomposition Products: None known
Hazardous Polymerization: Hazardous polymerization does not occur.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product Information: Product is safe for its intended use based on the formulation, testing results, and the long history of safe consumer use.

Chronic Toxicity

Chronic Toxicity: Ashphxiant gas, vapors may cause drowsiness and dizziness.
Target Organ Effects: None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity: The environmental impact of this product has not been fully investigated.

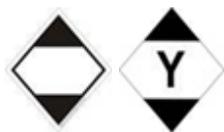

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods: This material, as supplied, is a not hazardous waste according to federal regulations (40 CFR 261). The material could become hazardous if it is mixed with or otherwise comes into contact with a hazardous waste, if chemical additions are made to this material or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Contaminated Packaging: Dispose of in accordance with local regulations.

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Butane, Aqua/Water/Eau, Glass, PEG-12 Dimethicone, Tapioca Starch, Isobutane, Silica, Polyurethane-14, Panthenol, Crambe Maritima Extract, Moonstone Extract, AMP-Acrylates Copolymer, Aminomethyl Propanol, Polymethylsilsesquioxane, Polyurethane-35, Tetrasodium Glutamate Diacetate, Hydroxypropyl Starch Phosphate, Butylene Glycol, Glycerin, Lauryl Methyl Gluceth-10 Hydroxypropyldimonium Chloride, Polyquaternium-59, Mica, Tin Oxide, Ethylhexylglycerin, Phenoxyethanol, Parfum/Fragrance, Benzyl Salicylate, Limonene, Linalool, CI 77891 (Titanium Dioxide), CI 77491, CI 77492, CI 77499 (Iron Oxides), CI 77510 (Ferric Ferrocyanide)

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.

Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.

Inhalation: Remove victim to fresh air at once. If breathing is difficult, seek medical attention.

Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.

Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flammability Results: Ignition Distance: <4cm Method: UN Ignition Distance Test for Spray Aerosols

Flash Point: N/A

Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2

Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and

Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 1

Flammability 1

Stability 0

Physical and Chemical Hazards 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions:

Avoid contact with eyes.

Environmental Precautions:

Prevent entry into waterways, sewers basements, or confined areas. Do not flush into surface water or sanitary system.

Methods for Containment:

Prevent further leakage or spillage if safe to do so.

Methods for Cleaning Up:

Keep in suitable and closed containers for disposal

7. HANDLING & STORAGE

Handling:

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.

Storage:

Keep containers tight.

8. EXPOSURE CONTROLS & PERSONAL PROTECTION

Exposure Guidelines:

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

Engineering Measures:

Showers, eyewash stations, and ventilation systems.

Personal Protective Equipment

Eye Protection:

Avoid contact with eyes.

Skin Protection:

No special protective equipment required.

Skin and Body Protection:

No special protective equipment required.

Respiratory Protection:

No protective equipment is needed under normal use conditions

Hygiene Measures:

Handle in accordance with good industrial hygiene and safety practice.

Hazardous ingredients as defined by the OSHA Hazard Communication Standard (29 CFR 1910.1200):

Component Name	CAS #	% in Formula	TLV ppm	PEL ppm	Other
Butane	106-97-8	25 - 50	800 ppm	1000 ppm	Unknown
Isobutane	75-28-5	1 - 5	800 ppm	800 ppm	Unknown

9. PHYSICAL & CHEMICAL PROPERTIES

Physical State:

Foam

Appearance:

Characteristic

Odor:

Characteristic

pH:

4.0 – 10.0

Flash Point:

N/A

Boiling Point/Range:

N/A

Melting Point/Range:

N/A

Specific Gravity:

~1.00

VOC Content(%):

<6%

Partition Coefficient: n-octanol/water: No data available

Solubility:

Insoluble

10. STABILITY & REACTIVITY

Stability:

Stable

Incompatible Products:

None known.

Conditions to Avoid:

Heat, flames and sparks.

Hazardous Decomposition Products:

None known

Hazardous Polymerization:

Hazardous polymerization does not occur.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product Information:

Product is safe for its intended use based on the formulation, testing results, and the long history of safe consumer use.

Chronic Toxicity

Chronic Toxicity:

Ashphxiant gas, vapors may cause drowsiness and dizziness.

Target Organ Effects:

None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity: The environmental impact of this product has not been fully investigated.

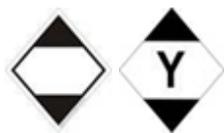

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods: This material, as supplied, is a not hazardous waste according to federal regulations (40 CFR 261). The material could become hazardous if it is mixed with or otherwise comes into contact with a hazardous waste, if chemical additions are made to this material or if the material is processed or otherwise altered. Consult 40 CFR 251 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Contaminated Packaging: Dispose of in accordance with local regulations.

SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name: IGK No More Blow
Contact Address: IGK LLC, 4141 NE 2nd Avenue Suite 205, Miami FL, 33137
Phone Number: 212-687-3282
Emergency Phone Number (US): 1-800-255-3924
Emergency Phone Number (INT): +01-813-248-0585

2. HAZARDS IDENTIFICATION

Appearance Off-White Physical State Liquid Odor Characteristic

Emergency Overview

Flammable; May cause eye irritation

Potential Health Effects: None
Principle Routes of Exposure: Skin contact.

Acute Toxicity

Eyes: May cause irritation.
Skin: Does not pose a potential of skin irritation and sensitization.
Inhalation: Vapor may cause irritation to the upper respiratory tract.
Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.

Chronic Effects: No known effect.

Aggravated Medical Conditions: None known.

Environmental Hazard: See Section 12 for additional Ecological Information

WARNING: FLAMMABLE. CONTENTS UNDER PRESSURE.

Avoid spraying near eyes. Protect from sunlight. Do not expose to temperatures exceeding 120°F (50°C). Do not pierce or burn, even after use. Keep away from heat/sparks/open flames/hot surfaces – no smoking. Do not spray on an open flame or other ignition source. Use only as directed. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. Keep out of reach of children.

3. COMPOSITION INFORMATION

The ingredient list for the finished product follows:

Butane, Propane, Tetrafluoropropene, SD Alcohol 40-B (Alcohol Denat.), Zea Mays (Corn) Starch, Hydrolyzed Pea Protein PG-Propyl Silanetriol, Diisopropyl Adipate, Dipropylene Glycol, Vanillyl Butyl Ether, Polysorbate 80, Hydroxypropylcellulose, Caprylyl Glycol, Ethylhexylglycerin, Polyquaternium-59, Butylene Glycol, PPG-3 Benzyl Ether Myristate, Distearidimonium Hectorite, Phenethyl Alcohol, Aqua/Water/Eau, Alcohol, Phenoxyethanol, Parfum/Fragrance

4. FIRST AID MEASURES

Eye Contact: Do Not Rub Eyes, Rinse thoroughly with plenty of water, also under the eyelids. If irritation persists, call a physician.
Skin Contact: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs it is expected to be mild and transient.
Inhalation: Remove victim to fresh air at once. If breathing is difficult, seek medical attention.
Ingestion: Not an expected route of exposure. If occurs, do not induce vomiting. Contact physician or poison control.
Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Flammability Results: Ignition Distance: <15cm Method: UN Ignition Distance Test for Spray Aerosols
Flash Point: 55-60°F
Suitable Extinguishing Media: Water Fog, Alcohol Foam, CO2
Sensitivity to Static Discharge: Not sensitive to static discharge.

Protective Equipment and**Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

NFPA: Health Hazard 1

Flammability 3

Stability 0

Physical and Chemical Hazards 0

6. ACCIDENTAL RELEASE MEASURES
